

# SyncTheatre

## Description:

SyncTheatre is a utility for watching youtube videos with friends over the internet.

## User Stories:

- As a person interested in using SyncTheatre, I want to create an account so that I can login and logout.
- As a user on SyncTheatre, I want to be able to create a room where all users are kept within 0.5 seconds of each other on the same video so that the video is synchronized.
- As a registered user on SyncTheatre, I want to have a persistent URL for my room so that I don't have to keep sending it to my friends.
- As a user on SyncTheatre, I want to be the party leader of my room and control the current timestamp of the video so that I can go back to show off something my friends missed.
- As a user on SyncTheatre, I want to give someone else in the room the party leader status so that they can keep things going while I get snacks.
- As a user on SyncTheatre, I want to submit videos to the video queue so that the party leader can decide whether or not to add it to the queue.
- As a party leader of a room on SyncTheatre, I want to modify the the video queue to change the order of videos, delete videos, or add new videos.
- As a user on SyncTheatre, I want to be able to use the chat on the website so that I can communicate with my friends without using an external program.
- As a registered user on SyncTheatre, I want to be able to reset my password if I forget it so that I don't lose access to my account.
